Underutilization Analysis and Affirmative Action Goals

Through the utilization analysis, the agency has determined which job categories are underutilized for women, minorities, and individuals with disabilities within the agency and has set the following hiring goals for the next two years (Reference Table 2).

Table 2. Underutilization Analysis and Hiring Goals for 2018-2020

The second, third, and fourth columns of this chart show the number of underutilized individuals of each group in each category at this agency. The fifth, sixth, and seventh columns show the agency's hiring goals for each group in each category.

Job Categories	Underutilization - # of Individuals			Hiring Goals for 2018-2020		
	Women	Racial/Ethnic Minorities	Individuals with Disabilities	Women	Racial/Ethnic Minorities	Individuals with Disabilities
Officials/Administrators	0	2	0			
Professionals/ Paraprofessionals	0	2	1		1	1
Faculty	0	17	5		1	
Office/Clerical Technicians	0	2	2			
Service Maintenance/Skilled Craft	7	2	1	1		1

Availability:

The agency determined the recruitment area to be statewide for all job categories with the exception of faculty. On faculty we used national availability. In conducting its underutilization analysis, the agency used the one step factor analysis. The agency determined it was best to use this type of analysis because our internal availability statistics are not very diverse and would dilute the availability.

Underutilization Analysis worksheets are attached in the appendix. Numbers less than 10 are indicated with "<10" in accordance with Minnesota Management and Budget's guidance on data privacy.

Women:

At the agency, the population of women has remained the same in the following job categories: Officials/Administrators, Professionals and Paraprofessionals, Faculty, Office and Clerical and has not improved in the following job categories: Service Maintenance/Skilled Craft. We show no disparities in the utilization of women with the exception of Service Maintenance/Skilled Craft. We had a goal to hire one women in the service/skilled craft but were unable to even secure one female applicant in two searches we did in 2017-2018 so were therefore unable to meet our goal. We will again strive to add women in this group in the next biennium and will continue to explore different recruiting techniques to diversify those pools.

Minorities:

At the agency, the population of minorities has remained the same in the following categories: Officials/Administrators, Professionals/Paraprofessionals, Office/Clerical and Service Maintenance/Skilled Craft. The population of minorities has improved by one in the faculty category. We had a hiring goal of one and therefore meet our goal.

Individuals with Disabilities:

At the agency, the population of individuals with disabilities has remained the same in the following categories: Officials and Administrators, Office/Clerical, Service Maintenance/Skilled Craft. We improved our utilization in the Professionals/Paraprofessionals by two. We did not improve our underutilization in the faculty category.

Separation and Retention Analysis by Protected Groups

The agency is committed to the retention of all employees, including members of the following protected groups: women, racial/ethnic minorities, and individuals with disabilities. The agency will strive to affirmatively ensure equal employment opportunity by retaining a diverse composite of talented and qualified employees, with emphasis on under-represented individuals. To be successful, the responsibility for these retention efforts lies with all employees. The agency's retention strategy is

a multi-faceted approach, guided by the agency management, Human Resources Director, and Affirmative Action Officer.

The Agency will continue to analyze and review separation data for disparate impact on protected group employees. This will include reviewing non-certification trends, layoff trends, resignation trends, and disciplinary discharges. The appendix will include a separation report broken down by EEO4 job category. Below is a snapshot of the agency separations throughout the past two years as well as a narrative describing the separation analysis:

Table 3 Type of Separation

Type of Separation FY2016-2018	Total Number	Total Percentage	Percentage of Women	Percentage of Minorities	Percent of Individuals w/Disabilities
Dismissals/Non Certification	1	4.17	0	0	0
Resignations	5	20.83	80%	0	0
Retirement	14	58.33	50%	0	0
Death	1	4.17	0	0	0
Lay Off	3	12.5	100%	0	0
Termination w/o Rights	0	0	0	0	0
Total Separations	24	100%	58.33%	0	0

Women

Women represent approximately 58% of the total agency workforce. The agency saw a total of 24 separations during FY 2017 and 2018. Women were 58.33% of all separations. This is proportionately equal to their total Agency workforce representation.

Minorities

Minorities represent approximately 2.2% of the total Agency workforce. The agency saw a total of 0 separations during FY 2017 and FY 2018. Minorities were 0% of all separations. This is proportionately lower relative to their total agency workforce representation.

Individuals with Disabilities

Individuals with Disabilities represent approximately 2.2% of the total agency workforce. The agency saw a total of 0 separations during FY 2017 and FY 2018. Individuals with Disabilities were 0% of all separations. This is proportionately lower relative to their total Agency workforce representation.

Program Objectives, Identified Barriers, and Corrective Action to Eliminate Barriers

The agency's Affirmative Action Program is designed to implement the provisions of this Affirmative Action Plan and meet requirements found in Minnesota Statutes, Chapter 43A.191, and Subdivision 2.

Program Objectives for Women

The following job categories have been identified as underutilized for women.

List job category name	Percent women employees in category	Percent women hired in category	Percent women separated in category
Service Maintenance/Skilled Craft	0%	0%	0%

The following corrective action has been planned to eliminate the barriers for women in each category.

Recruitment action for women in this category:

The agency would like to encourage more females to apply for vacancies in this category. The agency will enhance outreach efforts that target women in this category.

Recruitment barrier identified for women in this category:

The agency has focused on wording in the job advertisement that does not use the term maintenance worker as we feel this stops women from applying with an assumption that they will be required to do heavy maintenance on equipment, etc. We are also exploring more non-traditional means of reaching women through social media and targeted placement of flyers which include the indication that women and minorities are encouraged to apply.

Future Evaluation:

We are uncertain at this point if we will be presented with opportunities to hire in 2018-2020 but given our aging workforce in this category it is possible. We will complete the pre-hire review of the pool to determine if further outreach will assist us in being successful in meeting our hiring goals.

Past Evaluation:

We had three searches in 2017 and 2018 in this category and we were not successful in securing any females in any of the pools of applicants and therefore were not able to meet our goal of one female hire.

Person's Responsible:

Program Objectives for Minorities

List job category name	Percent minorities in category	Percent minorities hired in category	Percent minorities separated in category
Officials/Administrators	0%	0%	0%
Professionals/ Paraprofessionals	2.63%	0%	0%
Faculty	3.66%	1.22%	0%
Office Clerical/ Technicians	0%	0%	0%
Service Maintenance/ Skilled Craft	0%	0%	0%

The following corrective action has been planned to eliminate the barriers for minorities in each category.

Recruitment action for minorities in these categories:

The agency would like to encourage more minorities to apply for all vacancies in which an underutilization exists. The agency will enhance outreach efforts that target minorities in these categories by assessing recruitment strategies and working with hiring supervisors on positions as they become vacant to determine the best advertising sources or activities that will attract diversity.

The college will be offering training to college administrators who are often assigned as search committee chairs on educating and assessing cultural competence in August of 2018. This training will focus on developing cultural competence, steps to assist in making our agency multicultural and recruiting and retaining faculty and staff of color. We will further explore an opportunity to provide this training in a broader scope to our faculty and staff in the upcoming biennium.

We are working on developing and maintaining positive community partnerships and relationships with under-utilized populations. Presentations and open discussions have been given and to well over seventy groups including local chambers, Kiwanis, rotaries as well as Nobles County Integration Collaborative, Keepers of the Sacred and Upper Sioux Community in the last two years. Opportunities to partner as well as opportunities to connect will continue to be the priority of these presentations.

The college is exploring an opportunity to bring the RACE exhibit to our Worthington campus in the fall of 2018. This exhibit shares stories of how race and racism have affected lives and creates a safe space for visitors to consider their own experience of race and to think about the subject in different ways. Hosting this exhibit will give our college community an opportunity to view our assumptions of racial and ethnic differences in a different light.

Recruitment barrier identified for minorities in these categories:

The college will begin focusing on more non-traditional ways of advertising (churches, bulletin boards in ethnic grocery stores and ethnic restaurants). Presentations to diverse groups of people will continue to be a priority to build connections.

Future Evaluation:

We are uncertain at this point if we will be presented with opportunities to hire in 2018-2020 but given our aging workforce it is possible that we could experience opportunities in all categories. We did start to experience some success in 2017/2018 in diversifying our pools but were presented with limited opportunity to diversify when final hiring decisions were being made. With search chairs having an opportunity to attend training on cultural competence we believe they will have a different lens as they lead committees in the selection of candidates for interviews as well as recommendations coming forward from committees of finalist candidates.

We will complete the pre-hire review of the pool to determine if further outreach will assist us in being successful in meeting our hiring goals.

Past Evaluation:

We did make progress in one category in FY 2017 but the other categories did not show progress. We are hopeful that with the training we will be providing that search chairs, who play a critical role in the outcome of all search efforts, will be able to lead us in a direction of inclusivity.

Office Clerical/ Technicians	0%	0%	0%
Service Maintenance/ Skilled Craft	0%	0%	0%

The following corrective action has been planned to eliminate the barriers for disabled in each category.

Recruitment action for disabled in these categories:

The agency would like to encourage more applicants with disabilities to apply for all vacancies in which an underutilization exists. The agency will enhance outreach efforts that target disabled applicants in

these categories by assessing recruitment strategies and working with hiring supervisors on positions as they become vacant to determine the best advertising sources or activities that will attract candidates.

Recruitment barrier identified for minorities in these categories:

The college Human Resources Office will continue efforts to evaluate and enhance hiring practices to ensure that discrimination against individuals with disabilities does not occur. The college will annually ask current employees to review and update their supplemental information related to disability status in effort to ensure those currently within the workforce have opportunities to reflect any changes in their disability status.

Future Evaluation:

We are uncertain at this point if we will be presented with opportunities to hire in 2018-2020 but given our aging workforce it is possible that we could experience opportunities in all categories.

We will complete the pre-hire review of the pool to determine if further outreach will assist us in being successful in meeting our hiring goals.

Pre-Employment Review Procedure/Monitoring the Hiring Process

Minnesota West Community and Technical College will evaluate its selection process to determine if its requirements unnecessarily screen out a disproportionate number of women, minorities, or individuals with disabilities. The agency will use the monitoring the hiring process form for every hire to track the number of women, minorities, and individuals with disabilities in each stage of the selection process. Directors, managers, and supervisors will work closely with human resources and the Affirmative Action Officer in reviewing the requirements for the position, posting the position, and interviewing and selection to ensure that equal opportunity and affirmative action is carried out. Directors, managers, and supervisors will be asked to document their hiring decisions and equal opportunity professionals will review for bias.

Any time the agency cannot justify a hire, the agency takes a missed opportunity. Agency leadership will be asked to authorize the missed opportunity. The agency will report the number of affirmative and non-affirmative hires as well as missed opportunities to Minnesota Management and Budget on a quarterly basis.

When candidates are invited to participate in the selection process, employees scheduling the selection process will describe the process format to the candidate (*e.g.*, interview process, testing process). All candidates will be provided information regarding the procedure to request reasonable accommodations if necessary to allow candidates with disabilities equal opportunity to participate in the selection process. This allows for an individual with a disability to determine if they may need a reasonable accommodation in advance of the selection process.

All personnel involved in the selection process will be trained and accountable for the agency's commitment to equal opportunity and the affirmative action program and its implementation.

Pre-Review Procedure for Layoff Decisions

The Affirmative Action Officer/Chief Human Resource Officer shall be responsible for reviewing all pending layoffs to determine their effect on the agency's affirmative action goals and timetables.

If it is determined that there is an adverse impact on protected groups, the agency will document the reasons why the layoff is occurring, such as positions targeted for layoff, applicable personnel policies or collective bargaining agreement provisions, or other relevant reasons. The agency will determine if other alternatives are available to minimize the impact on protected groups.

Other Methods of Program Evaluation

The agency submits the following compliance reports to Minnesota Management and Budget as part of the efforts to evaluate the agency's affirmative action program:

- Quarterly Monitoring the Hiring Process Reports;
- Biannual Affirmative Action Plan;
- Annual Americans with Disabilities Act Report;
- Annual Internal Complaint Report; and
- Disposition of Internal Complaint (submitted to MMB within 30 days of final disposition).

The agency also evaluates the Affirmative Action Plan in the following ways:

- Monitors progress toward stated goals by job category;
- Analyzes employment activity (hires, promotions, and terminations) by job category to determine if there is disparate impact;
- Analyzes compensation program to determine if there are patterns of discrimination;
- Reviews the accessibility of online systems and websites, and ensures that reasonable accommodations can be easily requested; and
- Discusses progress with agency leadership on a periodic basis and makes recommendations for improvement.

Statewide Discrimination and Harassment Prohibited Policy

Complaint Procedure for Processing Complaints Under the Harassment and Discrimination Prohibited Policy or the Sexual Harassment Prohibited Policy:

Minnesota West Community and Technical College has established the following complaint procedure to be used by all individuals alleging harassment, discrimination, or retaliation in violation of the Harassment and Discrimination Prohibited Policy or the Sexual Harassment Prohibited Policy. Coercion, retaliation, or intimidation against anyone filing a complaint or serving as a witness under this procedure is prohibited.

Who May File:

Any individual who believes that they have been subject to harassment, discrimination, or retaliation in violation of the Harassment and Discrimination Prohibited Policy or the Sexual Harassment Prohibited Policy is encouraged to use this internal complaint procedure.

If the individual chooses, a complaint can be filed externally with the Minnesota Department of Human Rights (MDHR), the U.S. Equal Employment Opportunity Commission (EEOC), or through other legal channels. The MDHR, EEOC and other legal channels have time limits for filing complaints; individuals may contact the MDHR, EEOC, or a private attorney for more information.

Retaliation against any person who has filed a complaint either internally through this complaint procedure or through an outside enforcement agency or other legal channels is prohibited.

Individuals who knowingly file a false complaint will be subject to disciplinary or corrective action.

The following are the procedures for filing a complaint:

1. The individual may, but is not required to, complete the “Harassment and Discrimination Prohibited/ Sexual Harassment Prohibited Policies Complaint Form” provided by the Affirmative Action Officer or designee. Individuals are encouraged to file a complaint within a reasonable period of time after the individual becomes aware that a situation may involve conduct in violation of the Harassment and Discrimination Prohibited Policy or the Sexual Harassment Prohibited Policy. The Affirmative Action Officer or designee will, if requested, provide assistance in filling out the form.
2. The Affirmative Action Officer or designee determines if the complainant is alleging conduct in violation of the Harassment and Discrimination Prohibited Policy or the Sexual Harassment

Prohibited Policy; or if the complaint instead is of a general personnel concern or a general concern of respect in the workplace.

- If it is determined that the complaint is not related to conduct that would violate the Harassment and Discrimination Prohibited Policy or the Sexual Harassment Prohibited Policy, but rather involves general personnel concerns or general concerns of respect in the workplace, the Affirmative Action Officer or designee will inform the complainant, in writing, within ten (10) business days.
 - If it is determined that the complaint is related to conduct that would violate the Harassment and Discrimination Prohibited Policy or the Sexual Harassment Prohibited Policy, the Affirmative Action Officer or designee will determine whether corrective action may be taken without an investigation. If it is determined that an investigation is necessary, the Affirmative Action Officer or designee shall investigate the complaint.
3. The Affirmative Action Officer or designee shall create a written investigation report of every investigation conducted. If the investigation shows sufficient evidence to substantiate the complaint, appropriate corrective action will be taken.
 4. Within (60) days after the complaint is filed, the Affirmative Action Officer or designee shall provide a written answer to the complainant, unless reasonable cause for delay exists. The complainant will be notified if the written answer is not expected to be issued within the sixty (60) day period. The written answer to the complainant must comply with the data privacy restrictions of the Minnesota Government Data Practices Act.
 5. Disposition of the complaint will be filed with the Commissioner of Minnesota Management and Budget within thirty (30) days after the final determination.
 6. The status of the complaint may be shared with the complainant(s) and respondent(s). All data related to the complaint are subject to the provisions of the Minnesota Government Data Practices Act.
 7. The Affirmative Action Officer or designee shall maintain records of all complaints, investigation reports, and any other data or information the Affirmative Action Officer or designee deems pertinent for seven (7) years after the complaint is closed.
 8. In extenuating circumstances, the employee or applicant may contact the State Affirmative Action Officer in the Office of Equal Opportunity at Minnesota Management and Budget for information regarding the filing of a complaint (for example, if the complaint is against the agency head or the agency Affirmative Action Officer).

VI. Investigation and Discipline

All complaints of sexual harassment will be taken seriously, and prompt and appropriate action taken. Third parties who are found to have engaged in sexual harassment in violation of this policy will be subject to appropriate action. Appropriate action for policy violations by third parties will depend on the facts and circumstances, including the relationship between the third party and the agency. Agencies may contact MMB Enterprise Human Resources, Office of Equal Opportunity, Diversity, and Inclusion for assistance in determining appropriate action for third parties. MMB may refer agencies to the appropriate resources, which may include, for example, the Department of Administration with respect to policy violations by vendors or contractors.

Employees who knowingly file a false complaint of sexual harassment will be subject to disciplinary action, up to and including discharge.

VII. Non-Retaliation

Retaliation against any person who reports sexual harassment or participates in an investigation of such reports is strictly prohibited. Retaliation will not be tolerated. Statewide ADA Reasonable Accommodation Policy
Statewide HR/LR Policy #1433: ADA Reasonable Accommodation Policy

OBJECTIVE

The goals of this policy are:

- To ensure compliance with all applicable state and federal laws;
- To establish a written and readily accessible procedure regarding reasonable accommodation, including providing notice of this policy on all job announcements;
- To provide guidance and resources about reasonable accommodations;
- To provide a respectful interactive process to explore reasonable accommodations; and
- To provide a timely and thorough review process for requests for reasonable accommodation.

Policy Statement

State agencies must comply with all state and federal laws that prohibit discrimination against qualified individuals with disabilities in all employment practices. All state agencies must provide reasonable accommodations to qualified applicants and employees with disabilities unless to do so would cause an undue hardship or pose a direct threat. Agencies must provide reasonable accommodation when:

- A qualified applicant with a disability needs an accommodation to have an equal opportunity to compete for a job;
- A qualified employee with a disability needs an accommodation to perform the essential functions of the employee's job; and
- A qualified employee with a disability needs an accommodation to enjoy equal access to benefits and privileges of employment (e.g., trainings, office sponsored events).

Scope

This policy applies to all employees of the Executive Branch and classified employees in the Office of Legislative Auditor, Minnesota State Retirement System, Public Employee Retirement System, and Teachers' Retirement System.

Definitions

Applicant- A person who expresses interest in employment and satisfies the minimum requirements for application established by the job posting and job description.

Americans with Disabilities Act (ADA) Coordinator- Each agency is required to appoint an ADA coordinator or designee, depending on agency size, to direct and coordinate agency compliance with Title I of the ADA.

Direct Threat- A significant risk of substantial harm to the health or safety of the individual or others that cannot be eliminated or reduced by reasonable accommodation.

The determination that an individual poses a direct threat shall be based on an individualized assessment of the individual's present ability to safely perform the essential functions of the job.

Essential Functions- Duties so fundamental that the individual cannot do the job without being able to perform them. A function can be essential if:

- The job exists specifically to perform the function(s); or
- There are a limited number of other employees who could perform the function(s); or
- The function(s) is/are specialized and the individual is hired based on the employee's expertise.

Interactive Process- A discussion between the employer and the individual with a disability to determine an effective reasonable accommodation for the individual with a disability. To be interactive, both sides must communicate and exchange information.

Individual with a Disability- An individual who:

- Has a physical, sensory, or mental impairment that substantially limits one or more major life activities; or
- Has a record or history of such impairment; or
- Is regarded as having such impairment.

Qualified Individual with a Disability- An individual who:

- Satisfies the requisite skill, experience, education, and other job-related requirements of the job that the individual holds or desires; and
- Can perform the essential functions of the position with or without reasonable accommodation.

Major Life Activities- May include, but are not limited to, caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working.

Major life activities also include the operation of a major bodily function, including but not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

Medical Documentation- Information from the requestor's treating provider which is sufficient to enable the employer to determine whether an individual has a disability and whether and what type of reasonable accommodation is needed when the disability or the need for accommodation is not obvious. Medical documentation can be requested using the standardized [Letter Requesting Documentation for Determining ADA Eligibility from a Medical Provider](#).

Reasonable Accommodation- An adjustment or alteration that enables a qualified individual with a disability to apply for a job, perform job duties, or enjoy the benefits and privileges of employment. Reasonable accommodations may include:

- Modifications or adjustments to a job application process to permit a qualified individual with a disability to be considered for a job; or
- Modifications or adjustments to enable a qualified individual with a disability to perform the essential functions of the job; or
- Modifications or adjustments that enable qualified employees with disabilities to enjoy equal benefits and privileges of employment.
- Modifications or adjustments may include, but are not limited to:
 - Providing materials in alternative formats like large print or Braille;
 - Providing assistive technology, including information technology and communications equipment, or specially designed furniture;

- Modifying work schedules or supervisory methods;
- Granting breaks or providing leave;
- Altering how or when job duties are performed;
- Removing and/or substituting a marginal function;
- Moving to a different office space;
- Providing telework;
- Making changes in workplace policies;
- Providing a reader or other staff assistant to enable employees to perform their job functions, where a reasonable accommodation cannot be provided by current staff;
- Removing an architectural barrier, including reconfiguring work spaces;
- Providing accessible parking;
- Providing a sign language interpreter; or
- Providing a reassignment to a vacant position.

Reassignment- Reassignment to a vacant position for which an employee is qualified is a “last resort” form of a reasonable accommodation. This type of accommodation must be provided to an employee, who, because of a disability, can no longer perform the essential functions of the position, with or without reasonable accommodation, unless the employer can show that it will be an undue hardship.

Support Person- Any person an individual with a disability identifies to help during the reasonable accommodation process in terms of filling out paperwork, attending meetings during the interactive process to take notes or ask clarifying questions, or to provide emotional support.

Undue Hardship- A specific reasonable accommodation would require significant difficulty or expense. Undue hardship is always determined on a case-by-case basis considering factors that include the nature and cost of the accommodation requested and the impact of the accommodation on the operations of the agency. A state agency is not required to provide accommodations that would impose an undue hardship on the operation of the agency.

- [Americans with Disabilities Act \(1990\)](#)
- [29 C.F.R. 1630, Regulations to Implement the Equal Employment Provisions of the Americans with Disabilities Act](#)

GENERAL STANDARDS AND EXPECTATIONS

Individuals who may request a reasonable accommodation include:

- Any qualified applicant with a disability who needs assistance with the job application procedure or the interview or selection process; or
- Any qualified agency employee with a disability who needs a reasonable accommodation to perform the essential functions of the position; or
- A third party, such as a family member, friend, health professional or other representative, on behalf of a qualified applicant or employee with a disability, when the applicant or employee is unable to make the request for reasonable accommodation. When possible, the agency must contact the applicant or employee to confirm that the accommodation is wanted. The applicant or employee has the discretion to accept or reject the proposed accommodation.

The agency must abide by the [Minnesota Government Data Practices Act, Chapter 13](#), in obtaining or sharing information related to accommodation requests.

How to request a reasonable accommodation

An agency applicant or employee may make a reasonable accommodation request to any or all of the following:

- Immediate supervisor or manager in the employee's chain of command;
- Agency Affirmative Action Officer/Designee;
- Agency ADA Coordinator;
- Agency Human Resources Office;
- Any agency official with whom the applicant has contact during the application, interview and/or selection process.

Timing of the request

An applicant or employee may request a reasonable accommodation at any time, even if the individual has not previously disclosed the existence of a disability or the need for an accommodation. A request is any communication in which an individual asks or states that he or she needs the agency to provide or change something because of a medical condition.

The reasonable accommodation process begins as soon as possible after the request for accommodation is made.

Form of the request

The applicant or employee is responsible for requesting a reasonable accommodation or providing sufficient notice to the agency that an accommodation is needed.

An initial request for accommodation may be made in any manner (e.g., writing, electronically, in person or orally).

The individual requesting an accommodation does not have to use any special words and does not have to mention the ADA or use the phrase "reasonable accommodation" or "disability."

Oral requests must be documented in writing to ensure efficient processing of requests.

Agency request forms can be found at: "[Employee/Applicant Request for Reasonable Accommodation Form](#)".

When a supervisor or manager observes or receives information indicating that an employee is experiencing difficulty performing the job due to a medical condition or disability, further inquiry may be required. Supervisors or managers should consult with the agency ADA Coordinator for advice on how to proceed.

When an employee needs the same reasonable accommodation on a repeated basis (e.g., the assistance of a sign language interpreter), a written request for accommodation is required the first time only. However, the employee requesting an accommodation must give appropriate advance notice each subsequent time the accommodation is needed. If the accommodation is needed on a regular basis (e.g., a weekly staff meeting), the agency must make appropriate arrangements without requiring a request in advance of each occasion.

The interactive process entails

Communication is a priority and encouraged throughout the entire reasonable accommodation process. The interactive process is a collaborative process between the employee and/or applicant and the agency to explore and identify specific reasonable accommodation(s). (For information on the Interactive Process see the U.S. Department of Labor, Job Accommodation Network at <http://askjan.org/topics/interactive.htm>). This process is required when:

- The need for a reasonable accommodation is not obvious;
- The specific limitation, problem or barrier is unclear;
- An effective reasonable accommodation is not obvious;
- The parties are considering different forms of reasonable accommodation;
- The medical condition changes or fluctuates; or,
- There are questions about the reasonableness of the requested accommodation.

The interactive process should begin as soon as possible after a request for reasonable accommodation is made or the need for accommodation becomes known.

The process should ensure a full exchange of relevant information and communication between the individual and the agency. An individual may request that the agency ADA Coordinator, a union representative, or support person be present.

The agency ADA Coordinator shall be consulted when:

- Issues, conflicts or questions arise in the interactive process; and
- Prior to denying a request for accommodation.

Agency responsibilities for processing the request

As the first step in processing a request for reasonable accommodation, the person who receives the request must promptly forward the request to the appropriate decision maker. At the same time, the recipient will notify the requestor who the decision maker is.

Commissioner

The commissioner of the agency or agency head has the ultimate responsibility to ensure compliance with the ADA and this policy and appoint an ADA Coordinator.

ADA Coordinator

The agency ADA Coordinator is the agency's decision maker for reasonable accommodation requests for all types of requests outside of the supervisors' and managers' authority. The agency ADA Coordinator will work with the supervisor and manager, and where necessary, with agency Human Resources, to implement the approved reasonable accommodation.

Supervisors and Managers

Agencies have the authority to designate the level of management approval needed for reasonable accommodation requests for low-cost purchases. For example:

Requests for standard office equipment that is needed as a reasonable accommodation and adaptive items costing less than \$100. [Agencies can adjust the dollar amount based on their needs]; and

Requests for a change in a condition of employment such as modified duties, or a change in schedule, or the location and size of an employee's workspace. [Agencies can choose to delegate specific requests to supervisors or managers or require these types of requests to work through the agency ADA Coordinator].

Analysis for processing requests

Before approving or denying a request for accommodation, the agency decision maker with assistance from the agency ADA Coordinator will:

1. Determine if the requestor is a qualified individual with a disability;
2. Determine if the accommodation is needed to:
 - Enable a qualified applicant with a disability to be considered for the position the individual desires;

- Enable a qualified employee with a disability to perform the essential functions of the position; or
 - Enable a qualified employee with a disability to enjoy equal benefits or privileges of employment as similarly situated employees without disabilities;
3. Determine whether the requested accommodation is reasonable;
 4. Determine whether there is a reasonable accommodation that will be effective for the requestor and the agency; and
 5. Determine whether the reasonable accommodation will impose an undue hardship on the agency's operations.

An employee's accommodation preference is always seriously considered, but the agency is not obligated to provide the requestor's accommodation of choice, so long as it offers an effective accommodation, or determines that accommodation would cause an undue hardship.

Obtaining medical documentation in connection with a request for reasonable accommodation

In some cases, the disability and need for accommodation will be reasonably evident or already known, for example, where an employee is blind. In these cases, the agency will not seek further medical documentation. If a requestor's disability and/or need for reasonable accommodation are not obvious or already known, the agency ADA Coordinator may require medical information showing that the requestor has a covered disability that requires accommodation. The agency ADA Coordinator may request medical information in certain other circumstances. For example when:

- The information submitted by the requestor is insufficient to document the disability or the need for the accommodation;
- A question exists as to whether an individual is able to perform the essential functions of the position, with or without reasonable accommodation; or
- A question exists as to whether the employee will pose a direct threat to himself/herself or others.

Where medical documentation is necessary, the agency ADA Coordinator must make the request and use the [Letter Requesting Documentation for Determining ADA Eligibility from a Medical Provider](#). The agency ADA Coordinator must also obtain the requestor's completed and signed [Authorization for Release of Medical Information](#) before sending the Letter to, or otherwise communicating with, the medical provider. The employee may choose not to sign the Authorization. However, if the employee chooses not to sign the Authorization, it is the employee's responsibility to ensure that the agency receives the requested medical information.

Only medical documentation specifically related to the employee's request for accommodation and ability to perform the essential functions of the position will be requested. When medical documentation or information is appropriately requested, an employee must provide it in a timely manner, or the agency may deny the reasonable accommodation request. Agencies must not request

medical records; medical records are not appropriate documentation and cannot be accepted. Supervisors and managers **must not** request medical information or documentation from an applicant or employee seeking an accommodation. Such a request will be made by the agency ADA Coordinator, if appropriate.

Confidentiality requirements

Medical Information

Medical information obtained in connection with the reasonable accommodation process must be kept confidential. All medical information obtained in connection with such requests must be collected and maintained on separate forms and in separate physical or electronic files from non-medical personnel files and records. Electronic copies of medical information obtained in connection with the reasonable accommodation process must be stored so that access is limited to only the agency ADA Coordinator. Physical copies of such medical information must be stored in a locked cabinet or office when not in use or unattended. Generally, medical documentation obtained in connection with the reasonable accommodation process should only be reviewed by the agency ADA Coordinator.

The agency ADA Coordinator may disclose medical information obtained in connection with the reasonable accommodation process to the following:

- Supervisors, managers or agency HR staff who have a need to know may be told about the necessary work restrictions and about the accommodations necessary to perform the employee's duties. However, information about the employee's medical condition should only be disclosed if strictly necessary, such as for safety reasons;
- First aid and safety personnel may be informed, when appropriate, if the employee may require emergency treatment or assistance in an emergency evacuation;
- To consult with the State ADA Coordinator or Employment Law Counsel at MMB, or the Attorney General's Office about accommodation requests, denial of accommodation requests or purchasing of specific assistive technology or other resources; or
- Government officials assigned to investigate agency compliance with the ADA.

Whenever medical information is appropriately disclosed as described above, the recipients of the information must comply with all confidentiality requirements.

Accommodation Information

The fact that an individual is receiving an accommodation because of a disability is confidential and may only be shared with those individuals who have a need to know for purposes of implementing the accommodation, such as the requestor's supervisor and the agency ADA Coordinator.

General Information

General summary information regarding an employee's or applicant's status as an individual with a disability may be collected by agency equal opportunity officials to maintain records and evaluate

and report on the agency's performance in hiring, retention, and processing reasonable accommodation requests.

Approval of requests for reasonable accommodation

As soon as the decision maker determines that a reasonable accommodation will be provided, the agency ADA Coordinator will process the request and provide the reasonable accommodation in as short of a timeframe as possible. The time necessary to process a request will depend on the nature of the accommodation requested and whether it is necessary to obtain supporting information. If an approved accommodation cannot be provided within a reasonable time, the decision maker will inform the requestor of the status of the request before the end of 30 days. Where feasible, if there is a delay in providing the request, temporary measures will be taken to provide assistance.

Once approved, the reasonable accommodation should be documented for record keeping purposes and the records maintained by the agency ADA Coordinator.

Funding for reasonable accommodations

The agency must specify how the agency will pay for reasonable accommodations.

Procedures for reassignment as a reasonable accommodation

Reassignment to a vacant position is an accommodation that must be considered if there are no effective reasonable accommodations that would enable the employee to perform the essential functions of his/her current job, or if all other reasonable accommodations would impose an undue hardship.

The agency ADA Coordinator will work with agency Human Resources staff and the requestor to identify appropriate vacant positions within the agency for which the employee may be qualified and can perform the essential functions of the vacant position, with or without reasonable accommodation. Vacant positions which are equivalent to the employee's current job in terms of pay, status, and other relevant factors will be considered first. If there are none, the agency will consider vacant lower level positions for which the individual is qualified. The EEOC recommends that the agency consider positions that are currently vacant or will be coming open within at least the next 60 days.

Denial of requests for reasonable accommodation

The agency ADA Coordinator must be contacted for assistance and guidance prior to denying any request for reasonable accommodation. The agency may deny a request for reasonable accommodation where:

- The individual is not a qualified individual with a disability;

- The reasonable accommodation results in undue hardship or the individual poses a direct threat to the individual or others. Undue hardship and direct threat are determined on a case-by-case basis with guidance from the agency ADA Coordinator; or
- Where no reasonable accommodation, including reassignment to a vacant position, will enable the employee to perform all the essential functions of the job.

The explanation for denial must be provided to the requestor in writing. The explanation should be written in plain language and clearly state the specific reasons for denial. Where the decision maker has denied a specific requested accommodation, but has offered a different accommodation in its place, the decision letter should explain both the reasons for denying the accommodation requested and the reasons that the accommodation being offered will be effective.

Consideration of undue hardship

An interactive process must occur prior to the agency making a determination of undue hardship. Determination of undue hardship is made on a case-by-case basis and only after consultation with the agency's ADA Coordinator. In determining whether granting a reasonable accommodation will cause an undue hardship, the agency considers factors such as the nature and cost of the accommodation in relationship to the size and resources of the agency and the impact the accommodation will have on the operations of the agency.

Agencies may deny reasonable accommodations based upon an undue hardship. Prior to denying reasonable accommodation requests due to lack of financial resources, the agency will consult with the State ADA Coordinator at MMB.

Determining direct threat

The determination that an individual poses a "direct threat," (i.e., a significant risk of substantial harm to the health or safety of the individual or others) which cannot be eliminated or reduced by a reasonable accommodation, must be based on an individualized assessment of the individual's present ability to safely perform the essential functions of the job with or without reasonable accommodation. A determination that an individual poses a direct threat cannot be based on fears, misconceptions, or stereotypes about the individual's disability. Instead, the agency must make a reasonable medical judgment, relying on the most current medical knowledge and the best available objective evidence.

In determining whether an individual poses a direct threat, the factors to be considered include:

- Duration of the risk;
- Nature and severity of the potential harm;
- Likelihood that the potential harm will occur; and
- Imminence of the potential harm.

Appeals process in the event of denial

In addition to providing the requestor with the reasons for denial of a request for reasonable accommodation, agencies must designate a process for review when an applicant or employee chooses to appeal the denial of a reasonable accommodation request. This process:

- Must include review by an agency official;
- May include review by the State ADA Coordinator; and/or
- Must inform the requestor of the statutory right to file a charge with the Equal Employment Opportunity Commission or the Minnesota Department of Human Rights.

Information tracking and records retention

Agencies must track reasonable accommodations requested and report once a year by September 1st to MMB the number and types of accommodations requested, approved, denied and other relevant information.

Agencies must retain reasonable accommodation documentation according to the agency's document retention schedule, but in all cases for at least one year from the date the record is made or the personnel action involved is taken, whichever occurs later. 29 C.F.R. § 1602.14.

RESPONSIBILITIES

Agencies are responsible for the request:

- Adoption and implementation of this policy and development of reasonable accommodation procedures consistent with the guidance in this document.

MMB is responsible for:

- Provide advice and assistance to state agencies and maintain this policy.

Evacuation Procedure for Individuals with Disabilities or Otherwise in Need of Assistance

A copy of the college's weather and emergency evacuation plans can be found at:

<http://www.mnwest.edu/index.php/policies/44>.

Knowledge and preparation by both individuals needing assistance and those who don't is key to reducing the impact of emergencies. When developing a plan, safety needs should be determined on a case-by-case basis because it varies with each individual and building.

Everyone has a responsibility to develop their own personal emergency evacuation plans, this includes individuals with disabilities or individuals who will need assistance during evacuation. The Americans with Disabilities Act Coordinator or designee in each college will work to develop a plan and consult the appropriate building and safety personnel.

Directors, managers, and supervisors should review the emergency evacuation procedures with staff, including informing all staff that if additional assistance may be needed, and individuals with disabilities should contact the college contact below to request the type of assistance they may need.

Evacuation Options:

Individuals with disabilities have four basic, possibly five, evacuation options.

- Horizontal evacuation: Using building exits to the outside ground level or going into unaffected wings of multi-building complexes;
- Stairway evacuation: Using steps to reach ground level exits from building;
- Shelter in place: Unless danger is imminent, remain in a room with an exterior window, a telephone, and a solid or fire resistant door. If the individual requiring special evacuation assistance remains in place, they should dial 911 immediately and report their location to emergency services, who will in turn relay that information to on-site responders. The shelter in place approach may be more appropriate for sprinkler protected buildings where an area of

refuge is not nearby or available. It may be more appropriate for an individual who is alone when the alarm sounds;

- **Area of rescue assistance:** Identified areas that can be used as a means of egress for individuals with disabilities. These areas, located on floors above or below the building's exits, can be used by individuals with disabilities until rescue can be facilitated by emergency responders; and/or
- **For agencies equipped with an evacuation chair:** Evacuation chairs or a light-weight solution to descending stairways can be used and generally require single user operation. If a college is equipped with an evacuation chair, best practice indicates that all employees are trained and have practiced evacuating using an evacuation chair.

Evacuation Procedures for Individuals with Mobility Disabilities, Hearing Disabilities, and Visual Disabilities:

Individuals with disabilities should follow the following procedures:

- **Mobility disabilities (individuals who use wheelchairs or other personal mobility devices ("PMDs")):** Individuals using wheelchairs should be accompanied to an area of rescue assistance by an employee or shelter in place when the alarm sounds. The safety and security staff will respond to each of the areas of rescue assistance every time a building evacuation is initiated to identify the individuals in these areas and notify to emergency responders how many individuals need assistance to safely evacuate.
- **Mobility disabilities (individuals who do not use wheelchairs):** Individuals with mobility disabilities, who are able to walk independently, may be able to negotiate stairs in an emergency with minor assistance. If danger is imminent, the individual should wait until the heavy traffic has cleared before attempting the stairs. If there is no immediate danger (detectable smoke, fire, or unusual odor), the individual with a disability may choose to wait at the area of rescue assistance until emergency responders arrive to assist them.
- **Hearing disabilities:** The college buildings are equipped with fire alarm horns/strobes that sound the alarm and flash strobe lights. The strobe lights are for individuals with who are deaf and/or hard of hearing. Individuals with hearing disabilities may not notice or hear emergency alarms and will need to be alerted of emergency situations.
- **Visual disabilities:** The college buildings are equipped with fire alarm horn/strobes that sound the alarm and flash strobe lights. The horn will alert individuals who are blind or have visual disabilities of the need to evacuate. Most individuals with visual disabilities will be familiar with their immediate surroundings and frequently traveled routes. Since the emergency evacuation route is likely different from the common traveled route, individuals with visual disabilities may need assistance in evacuating. The assistant should offer assistance, and if accepted, guide the individual with a visual disability through the evacuation route.

Severe Weather Evacuation Options:

Individuals with disabilities or who are in need of assistance during an evacuation have three evacuation options based on their location in their building:

- **Horizontal evacuation:** If located on the ground or basement floor, severe weather shelter areas are located throughout each floor;
- **Elevator evacuation:** If there are no safe areas above the ground floor, the elevator may be used to evacuate to the ground or basement levels; and/or
- **Shelter in Place:** Seeking shelter in a designated severe weather shelter and remaining there until the all clear is used.
