## CDL Requirements:

A commercial driver license (CDL) is required in Minnesota to operate vehicles that weigh more than 26,000 pounds, vehicles that carry more than 15 people including the driver, and vehicles identified as school buses, or carrying hazardous materials.

The process of obtaining a CDL in Minnesota consists of skills tests for the basic CDL and additional tests for endorsements such as school buses, or vehicles with air brakes. While Minnesota requires a daily pre-trip inspection for commercial vehicles, the pre-inspection CDL test in Minnesota is a partial inspection, consisting of a checklist of major vehicle systems and safety.

- Class A: Any combination of vehicles with a gross vehicle weight rating (GVWR) of 26,001 or more pounds, provided the GVWR of the vehicle(s) being towed is in excess of 10,000 pounds.

Printed manual will be provided with this course.

For behind-the-wheel instruction, please call James Wee at 507-537-7532
