

- i. Some interns do a certification while doing their internships.
- ii. Important to get first year students talking to dealers and train beyond school.
- iii. Ask students AG or Truck?
- iv. Freightliner – Bill Eddy, trainer Detroit/Diesel can be certified on trucks and they can help out with more curriculum.
- v. We need to get their trainer here to talk to our students.
- vi. Peter teaches more generic - not specific to brand classes. 3 D software can help with schematics, etc.

7) Question to instructors: Have you gone to a failure analysis class – NO

- a. It is a week-long class on failure analysis from Lake Area (Butler Machinery – this would be a good class for instructors.
- b. Peter explained that instructors get time to go to training in the summer and have a \$250 allotment per instructor for trainings per year.
- c. Our instructors stay up to date on the latest and greatest diesel technology.
