ROAD GUARD CERTIFICATE \$30

The Motorcycle Road Guard Certificate training program will train participants how to legally stop and control traffic for motorcycle group rides. Certified road guards will be able to stop traffic to allow group rides to pass through intersections and give traffic the "all clear" when it's safe to proceed. Classes are usually held from 9:00 am—12:00 pm once per month in May, June, July and August.

In order to participate in this training, fill out an application for the Motorcycle Road Guard Certificate and send to Driver and Vehicle Services (DVS). The application must be received three weeks before your training. The application allows DVS to review applicants' driving records. Applicants will receive a response letter from DVS telling them if they are approved or not approved to attend training. Applicants must bring the letter to training in order to participate.
