The college policy regarding my responsibility to pay tuition and fees for all dropped classes or total withdrawal from the college is outlined in sections of the Student Handbook titled Schedule Adjustments and Withdrawals. I understand that it is my responsibility to read all policies and procedures as outlined in this handbook and to ask questions on any area that pertains to my educational process that I do not fully understand.

I also understand that it is my total obligation to pay tuition and fees in full for all classes that I am registered for after the fifth class day of the fall, spring and summer sessions. I understand that if I receive federal financial aid and withdraw before completing the semester I may be required to return a portion of the money received because I did not earn the total amount paid to me at the beginning of the term. It is my responsibility to assure that all paperwork is completed with the registrar prior to the fifth day of the term if I wish to drop any classes and not be billed for them. I further understand that all tuition and fees are to be paid in full no later the thirteenth day of the term unless a deferment is in effect.
