FULFILLS MN TRANSFER CURRICULUM AREA(S)

Goal 1: Communication:  ____ by meeting the following competencies:

Goal 2: Critical Thinking:  ____ by meeting the following competencies:

Goal 3: Natural Sciences:  ____ by meeting the following competencies:

Goal 4: Mathematics/Logical Reasoning:  ____ by meeting the following competencies:

Goal 5: History and the Social and Behavioral Sciences:  ____ by meeting the following competencies:

Goal 6: The Humanities and Fine Arts:  ____ by meeting the following competencies:

Goal 7: Human Diversity:  ____ by meeting the following competencies:

Goal 8: Global Perspective:  ____ by meeting the following competencies:

Goal 9: Ethical and Civic Responsibility:  ____ by meeting the following competencies:

Goal 10: People and the Environment:  ____ by meeting the following competencies:

### Topics to be Covered

- Gram positive bacilli of medical importance
- Spirochetes, Curviform bacteria, Chlamydia, Mycoplasma, Mycobacterium
- Fungi, yeast, viruses, and parasites of medical importance

### Student Learning Outcomes

- Properly and safely collect and handle specimens using sterile technique
- Discuss correct microscopic morphology, colonial morphology and biochemical tests to identify bacteria, yeast, fungi, parasite, and virus
- Correlate bacteria, yeast, fungi, parasite, and virus to disease/condition
- Understand antibiotic testing
- Perform microbiology tests

### Is this course part of a transfer pathway:

- Yes [ ]
- No [x]

*If yes, please list the competencies below
