Overview
From August 19 to August 23, 2019, Minnesota West faculty, staff, and administration prepared for the 2019-2020 year in various ways. The schedule for this week is included at the end of this document. Forty-one individuals provided feedback on the week. Note that responses were not edited.

Survey Results
**Question 1:** 95% of the participants responded that having Monday as an acclimation day was appreciated (39/41).
Question 2: 37 of 39 respondents stated that the HLC and Assessment information was helpful and/or informative.

The HLC and Assessment sessions on Tuesday, 8/20/19, were helpful and informative.

Comments:

- I did not attend any Assessment or HLC meetings
- More specifics on what HLC is looking for what we all need to be doing to prepare for the HLC visit.
- I was too busy with registration and students to attend those sessions.
Question 3: 66% (27/41) stated the variety was good or excellent. An additional 27% (11/41) stated they could find something applicable in each time slot.

On Wednesday, 8/21/19, there was a good variety in the sessions offered.

Comments:

- Yoga-IT WAS THE BEST!!
- The day was too long for people that had a two hour drive and needed to get back for day care and other after work activities.
- Note from KLW: one comment was specific to two individuals and not appropriate to include in this report as it had identifying information within the comment. This comment was shared directly with the individuals.
Question 4: 93% felt that facilities and format were conducive to learning and socializing (38/41).

On Wednesday, 8/21/19, the facilities and format were conducive to learning from and socializing with my colleagues.

Comments:

- It seemed very warm throughout the building. One of the break out sessions I was in - the room was almost unbearably hot.
- We were either listening to announcements/welcome or in break out sessions. Not a lot of time to meet with our "team."
- Appreciated the division meetings
- Appreciated having opportunities to meet with division.
Question 5: We often talk about the "one thing" that makes an event or conference worthwhile. What is one thing you learned during duty week that will positively impact your students and their learning? Was there something you learned that will positively impact your work? Note that you can provide more than one if you would like.

Twenty-nine of forty-one provided comments as noted below.

- D2L Changes all the time so the sessions on that is always helpful
- I learned that you can "know" too much ~ and that's a good lesson to learn.
- The hints that Heidi provided will be helpful.
- Heidi’s session on Outlook was helpful, using many of the tools there. Thank you!
- Office 365 tips
- Everyone matters
- Learning how to use the "Existing Activities" button on D2L
- Vreize retirement session was outstanding for faculty
- All information was very good.
- Being a new faculty member, I enjoyed learning more about Minnesota West and meeting with fellow faculty.
- I learned how to use some new D2L tools during Shannon's sessions.
- Remembering where each student comes from and what they "bring" with them.
- Respondus will be very helpful at Clinicals
- Reminder of SHOT money and matched donations will benefit new equipment for my students.
- Learning about the snipping tool and using it instead of doing "print screens" will be beneficial!
- Heidi's microsoft session will help with productivity and organization.
- D2L tricks, intelligent agents-creating a sort of connect to cheer students on or support them by not letting them get so far behind without a contact from me
- The amount of time I got in my office was very conducive to this year.
- Learning more D2L tips and tricks.
- Cultural competency information was definitely applicable and will affect my interactions with students.
- Zoom, Respondus Lockdown Browser & Monitor
• Loved having face to face Division meeting. Could have used a little more time.
• Learning how to use Zoom and how that will help me communicate better with my online students
• all was good
• D2L new details/updates are helpful.
• Turnitin. - Good new tool
• Respondus - good new tool
• The importance of reminding our students that they belong here at Minnesota West and to remember to ask students questions.
• We have a lot of great resources at Minnesota West, use those resources to help me do the work that I do for our students.
• The yoga session was awesome along with the tours of the campus.
• The OER session was especially useful. While I may not join a learning circle this semester, Heidi provided many resources that I will look through and use this year.
• The privilege walk had potential to be very impactful. Had it been outside or in a larger venue there would have been more disparity demonstrated.
• Office 365 training
**Question 6:** Participants were asked for topics of interest for the next duty day in the spring. The responses are noted below, and the additional suggestions noted in the comments section.

Answered 39
As we begin planning for the next duty day in the spring, please note if you are interested in the following sessions.

- Assessment
- Curriculum Development
- Co-curricular...
- HLC overview
- Student Retention
- Teaching Strategies
- Facilities and Finance
- Educational Technology
- Flipped Classrooms

### Comments (additional suggestions):

- Using Zoom & More Office 365 tools
- The division meetings are great in person lets keep that!!
- EL strategies
- allow for division time again please
- Another session on OER, I was not able to attend the session this duty day.
- HLC update
- Marketing Strategies
- Office 365 training
Question 7: CTL leaders will be preparing their goals and reviewing the assessment report from last year in terms of requests for further training as they plan activities for the coming year. In what areas would you like to have training or more information? Please provide your campus if appropriate so your CTL leaders will know which campuses are interested in particular trainings.

- Always D2L some of the time.
- Retirement
- zoom
- EL strategies in Worthington
- Zoom training
- D2L
- Technology training.
- Retention
- Engagement
- Zoom
- D2L is always good. Seems that it is always changing in some way so good to keep updating us with new information.
- Office 365 & Zoom
- Trevor should do de-escalation training with CTL's as his session didn't go on friday due to technology issues.
- D2L-Pipestone
- Always good to have sessions on the latest features of D2L.
- Optional widgets in D2L
- More IT-related training
- More Office 365 features Worthington campus
- microsoft office
- Worthington: A session on culturally sensitive pedagogy with specific examples.
- Office 365 Zoom

3:05 – 3:45 Commons
Privilege Walk: Theresa Ireland – Commons
Privilege is defined as a special right, advantage, or immunity granted only to a particular person or group. What is your level of privilege? Awareness of the kinds of privilege that some of us do and do not have is important when working with students, and our colleagues. It allows us to realize that as a result of their life circumstances, some people have a much more difficult time than others. The Privilege Walk will help us examine the kinds of privilege we have had in our lives. NOTE: This exercise can have some psychological side effects. Debriefing is available if needed.

3:45 Office/Travel

8:00 - 8:30 Registration/ Breakfast
8:30 Welcome and new faculty/staff: Bruce Peterson (Zoom link: https://minnstate.zoom.us/j/609766447)
